SWE (Node.Js and Laravel), Tech Enthusiast  
Kandy District, Central Province, Sri Lanka

## Summary

Bringing four years of software industry expertise, I've adeptly navigated diverse projects, mastering various programming languages and methodologies. From architecting scalable solutions to troubleshooting technical challenges, I excel in delivering innovative software that exceeds expectations. Eager to leverage this experience to drive impactful outcomes in cutting-edge projects, I am committed to continuous learning and excellence in software development.
